MapleRoots is a new Google Search campaign targeting Americans who may qualify for Canadian citizenship through ancestry under **Bill C-3** (effective December 2025). The campaign drives users to a free 2-minute eligibility quiz — our core conversion action.

With a **\$35/day budget** across 5 tightly themed ad groups, we exploit a **low-competition niche** where our speed (2 min vs competitors' 5 min) and zero-friction approach (no account, no lawyers, no fees) are clear differentiators. The first-mover **Cajun/Acadian angle** has zero competitor coverage.

CAMPAIGN STATUS: Structure ready to build • Tracking: NOT READY (0/6) • Landing page: NEEDED

Setting	Value
Campaign Name	MapleRoots — Citizenship by Descent (US)
Type	Search (Google Search only, no Display/Partners)
Bidding Strategy	Maximize Clicks (\$3.50 max CPC cap)
Daily Budget	\$35.00 (~\$1,050/month)
Target Location	United States (AG5: LA, TX, MS, AL, ME only)
Language	English
Status	PAUSED (until tracking verified)
Conversion Action	Quiz Completion (to be created)

Market Context

Bill C-3, which took effect in December 2025, removed the generational limit on Canadian citizenship by descent. Previously, only children of Canadian citizens born abroad could claim citizenship. Now, grandchildren, great-grandchildren, and further generations may be eligible. This affects **millions of Americans** — particularly those with Acadian/Cajun, Loyalist, and French-Canadian heritage.

The CIC News article (April 2026) specifically highlights the Cajun connection — descendants of Acadians expelled from Canada in the 1700s who settled in Louisiana. This is a powerful angle for geo-targeted advertising.

Competitor Analysis

Competitor	Model	Strengths	Weaknesses	Our Advantage
escapehatch.to	Free eligibility quiz (5 minutes)	First mover, viral social media, clean UX	5-min quiz is long; no legal follow-through; limited SEO presence	2-min quiz (60% faster); Cajun angle they ignore
immigration.ca	Lawyer-led consultations (paid service)	Established brand, comprehensive legal advice, strong SEO	Expensive, intimidating for casual explorers, no free tools	Free quiz removes cost/commitment barrier; captures top-of-funnel
Moving2Canada	Content/affiliate model (blog + tools)	Deep content library, good organic rankings	No dedicated Bill C-3 tool; passive monetization; slow to update	Dedicated quiz tool; paid traffic captures intent before organic

Competitive Gaps We Exploit

- **Cajun/Acadian angle:** Zero competitors running Cajun-targeted ads. Louisiana alone has 1M+ people of Acadian descent.
- **Speed differentiator:** Our 2-minute quiz vs. escapehatch.to's 5 minutes. Speed is our primary USP in ad copy.
- **Zero-friction model:** No account creation, no lawyer fees, no commitment. Competitors require sign-ups or consultations.
- **Bill C-3 specificity:** We reference the actual legislation. Competitors use generic 'citizenship by descent' messaging.
- **Great-grandparent segment:** Bill C-3's generational expansion is barely addressed by competitors. Dedicated ad group captures this.

~45 keywords across 5 ad groups, organized by searcher intent and ancestry pathway. Match types follow a conservative strategy: Phrase + Exact for high-intent terms, Broad + Phrase for the exploratory Cajun segment.

Ad Group 1: Core Descent (30% budget — ~\$10.50/day)

Keyword	Match Type	Volume Tier	Est. CPC
canadian citizenship by descent	Phrase	Medium	\$1.50–3.00
[canadian citizenship by descent]	Exact	Medium	\$1.50–3.00
citizenship by ancestry canada	Phrase	Medium	\$1.50–2.50
canada citizenship through parents	Phrase	Medium	\$1.00–2.50
born abroad canadian citizen	Phrase	Low-Med	\$1.00–2.00
am i a canadian citizen by descent	Phrase	Low-Med	\$1.00–2.00
canadian citizenship for americans	Phrase	Medium	\$1.50–3.00
claim canadian citizenship ancestry	Phrase	Low-Med	\$1.00–2.50

Ad Group 2: Grandparent Path (25% budget — ~\$8.75/day)

Keyword	Match Type	Volume Tier	Est. CPC
canadian citizenship grandparent	Phrase	Medium	\$1.00–2.50
[canadian citizenship grandparent]	Exact	Medium	\$1.00–2.50
grandparent born in canada citizenship	Phrase	Low-Med	\$0.80–2.00
if my grandfather was canadian	Phrase	Low	\$0.80–1.50
grandmother canadian am i citizen	Phrase	Low	\$0.80–1.50
canada citizenship grandchild	Phrase	Low-Med	\$1.00–2.00
canadian grandparent citizenship eligibility	Phrase	Low-Med	\$1.00–2.00
inherit canadian citizenship grandparent	Phrase	Low	\$0.80–1.50

Ad Group 3: Great-Grandparent / Bill C-3 (20% budget — ~\$7.00/day)

Keyword	Match Type	Volume Tier	Est. CPC
canadian citizenship great grandparent	Phrase	Low-Med	\$0.80–2.00
bill c-3 citizenship canada	Phrase	Low	\$0.50–1.50
bill c-3 canadian citizenship	Exact	Low	\$0.50–1.50
canada citizenship no generation limit	Phrase	Low	\$0.50–1.00
great grandparent born in canada	Phrase	Low	\$0.80–1.50
multi generational canadian citizenship	Phrase	Low	\$0.50–1.50
new canada citizenship law 2025	Phrase	Low-Med	\$1.00–2.00
canadian citizenship law change ancestry	Phrase	Low-Med	\$1.00–2.00

Ad Group 4: Eligibility & Discovery (15% budget — ~\$5.25/day)

Keyword	Match Type	Volume Tier	Est. CPC
am i eligible for canadian citizenship	Phrase	Medium	\$1.50–3.00
[am i eligible for canadian citizenship]	Exact	Medium	\$1.50–3.00
check canadian citizenship eligibility	Phrase	Medium	\$1.50–2.50
canadian citizenship eligibility quiz	Phrase	Low-Med	\$1.00–2.00
do i qualify for canadian citizenship	Phrase	Medium	\$1.50–2.50
free canadian citizenship test	Phrase	Low-Med	\$1.00–2.00
find out if i'm canadian	Phrase	Low	\$0.80–1.50
bill c-3 eligibility check	Phrase	Low	\$0.50–1.50

Ad Group 5: Cajun / Acadian — Geo: LA, TX, MS, AL, ME (10% budget — ~\$3.50/day)

Keyword	Match Type	Volume Tier	Est. CPC
cajun canadian citizenship	Broad	Low	\$0.50–1.50
acadian descendants citizenship	Broad	Low	\$0.50–1.00
cajun ancestry canada	Phrase	Low	\$0.50–1.50
acadian canadian citizen	Phrase	Low	\$0.50–1.00

Keyword	Match Type	Volume Tier	Est. CPC
louisiana french canadian citizenship	Phrase	Low	\$0.50–1.50
cajun heritage canadian passport	Broad	Low	\$0.50–1.00

Negative Keyword Seed List (Campaign Level — 25 terms)

These negatives block irrelevant traffic from other immigration pathways, administrative queries, and unrelated searches. All based on competitor keyword analysis and immigration search patterns.

Negative Keyword	Match Type	Reason
immigration lawyer	Exact	Blocks paid-service intent
immigration attorney	Exact	Blocks paid-service intent
study permit	Phrase	Different immigration pathway
work permit	Phrase	Different immigration pathway
express entry	Phrase	Points-based immigration (not ancestry)
PNP	Exact	Provincial Nominee Program
tourist visa	Phrase	Travel, not citizenship
visit canada	Phrase	Travel intent
canada visa application	Phrase	Generic visa, not citizenship
IRCC processing time	Phrase	Administrative query
canada PR points calculator	Phrase	Points-based immigration
asylum	Exact	Refugee pathway
refugee	Exact	Refugee pathway
TFW	Exact	Temporary Foreign Worker
LMIA	Exact	Labour Market Impact Assessment
student visa	Phrase	Study pathway
Canadian passport renewal	Phrase	Already a citizen
Canadian embassy	Phrase	Consular services
consulate	Exact	Consular services
citizenship test	Phrase	Naturalization test (already applied)
citizenship ceremony	Phrase	Already approved
oath of citizenship	Phrase	Already approved
language test	Phrase	Naturalization requirement
IELTS Canada	Phrase	Language testing
Canada flag	Exact	Completely unrelated

Campaign Settings

Setting	Value	Rationale
Campaign Name	MapleRoots — Citizenship by Descent (US)	Clear naming convention
Type	Search	High-intent queries only
Network	Google Search only	No Display/Partners — budget too small
Bidding	Maximize Clicks (\$3.50 max CPC)	No conversion history; need click data first
Daily Budget	\$35.00	~\$1,050/month; sufficient for 5 ad groups
Ad Rotation	Optimize	Let Google test headline/description combos
Ad Schedule	All day (initial)	Optimize after 30 days of data
Location	United States	AG5 restricted to 5 states
Language	English	Primary audience language
Status	PAUSED	Enable after tracking verified

Ad Group Budget Allocation

Ad Group	Theme	Budget Share	Daily \$	Keywords	Match Types
AG1	Core Descent	30%	\$10.50	8–10	Phrase + Exact
AG2	Grandparent Path	25%	\$8.75	8–10	Phrase + Exact
AG3	Great-Grandparent / C-3	20%	\$7.00	8–10	Phrase + Exact
AG4	Eligibility & Discovery	15%	\$5.25	8–10	Phrase + Exact
AG5	Cajun / Acadian (geo)	10%	\$3.50	6–8	Broad + Phrase

Bidding Strategy Rationale

Maximize Clicks is the correct launch strategy because we have zero conversion history. Conversion-based bidding (Max Conversions, tCPA) requires minimum 15 conversions in 30 days to function. The **\$3.50 max CPC cap** prevents budget blowout on trending Bill C-3 terms.

Phase 2 trigger: After 30+ conversions, evaluate switching to Maximize Conversions. If CPC consistently exceeds \$3.50, tighten to Exact match only before changing bid strategy.

5 Responsive Search Ads (one per ad group), each with 15 headlines and 4 descriptions. All character limits verified: headlines ≤30 chars, descriptions ≤90 chars.

Three Messaging Pillars

- **Speed:** "2-Minute Quiz" undercuts escapehatch.to's 5-minute promise
- **Discovery:** "You May Already Be Canadian" triggers curiosity and emotional engagement
- **Zero Friction:** "No account, no lawyers, no fees" vs. immigration.ca's lawyer-led model

RSA Summary by Ad Group

Ad Group	H1 Pin	H2 Pin	Key Themes	H	D
AG1: Core Descent	Citizenship by Descent	Free 2-Min Quiz	Ancestry, eligibility, Bill C-3	15	4
AG2: Grandparent	Grandparent Born in Canada?	Check in 2 Minutes	Grandparent path, inheritance, family	15	4
AG3: Great-Grandparent	Great-Grandparent Canadian?	No Generation Limit	Bill C-3, multi-gen, new law	15	4
AG4: Eligibility	Am I Eligible? Find Out	Free Quiz — 2 Minutes	Eligibility check, quiz, discover	15	4
AG5: Cajun	Cajun? You May Be Canadian	2-Min Eligibility Quiz	Acadian heritage, Louisiana, ancestry	15	4

Sample Headlines — AG1: Core Descent

#	Headline	Chars	Pin	Type

Sample Descriptions — AG1: Core Descent

#	Description	Chars
D1	Millions of Americans may qualify for Canadian citizenship. Take our free 2-minute quiz now.	89
D2	Bill C-3 removed the generation limit. Find out if your ancestry qualifies you — no account needed.	90
D3	Canadian parent, grandparent, or great-grandparent? You could be eligible. Check in 2 minutes free.	90
D4	No lawyers, no fees, no sign-up. Just 7 quick questions to discover your Canadian citizenship path.	89

Campaign-Level Sitelinks (4)

Sitelink	Description Line 1	Description Line 2
Take the Quiz	Free 2-minute eligibility check	No account required
How It Works	Answer 7 simple questions	Get instant results
Bill C-3 Explained	New law removes generation limit	Effective December 2025
Am I Eligible?	Parents, grandparents, great-grands	Check all pathways

TRACKING READINESS: 0/6 PASS — NOT READY TO LAUNCH

#	Check	Status	Details
1	GTM Container	FAIL	No GTM container on the site. No dataLayer present.
2	Google Ads Conversion Tag	FAIL	No gtag.js, no googleadservices pixel, no conversion snippet.
3	Dedicated Conversion Action	FAIL	26 enabled actions in account — none for MapleRoots.
4	Consent Mode	FAIL	No consent banner, no consent('default') call.
5	Quiz Completion Event	FAIL	Quiz is button-based (no <form>). No dataLayer push on completion.
6	Any Analytics	FAIL	Zero external scripts. No GA4, no pixels, no Clarity.

Critical Technical Detail

The quiz at </tools/eligibility-quiz> is **button-based with no <form> element** and uses **client-side routing** (URL doesn't change between steps). Standard form-submit or page-load triggers will NOT work. A custom event is required.

Required: dataLayer Push on Quiz Completion

The developer must add this code when the quiz results screen renders:

```
window.dataLayer = window.dataLayer || [];  
window.dataLayer.push({  
  'event': 'quiz_complete',  
  'quiz_result': 'eligible', // or 'not_eligible'  
  'quiz_pathway': 'grandparent' // parent, grandparent, etc.  
});
```

Setup Steps (in order)

Step	Task	Owner	Tool/Method	Est. Time
1	Create conversion action in Google Ads	Agent (MCP)	conversion__create_conversion_action	2 min
2	Install GTM or gtag.js in app layout	Developer	Edit layout file	15 min
3	Add dataLayer.push on quiz completion	Developer	Edit quiz component	15 min
4	Configure conversion tag in GTM	Agent (browser)	GTM UI	10 min

Step	Task	Owner	Tool/Method	Est. Time
5	Verify tag fires on test completion	Agent (browser)	Tag Assistant + network	5 min

Minimum viable tracking (to launch): Steps 1 + 2 + 3. Can be done in ~1 hour with developer access.

NO LANDING PAGE EXISTS — This blueprint must be built before launch

Recommended Page Sections (top to bottom)

Section	Content	Purpose
1. Hero	H1: "Discover If You Qualify for Canadian Citizenship" Sub: "Millions of Americans are eligible under Bill C-3. Find out in 2 minutes — free." CTA: "Take the Free Quiz"	Capture attention, convey value prop
2. Social Proof Bar	"Based on Canada's Citizenship Act (Bill C-3, Dec 2025)" + media logos	Build credibility and trust
3. How It Works	3 steps: (1) Answer 7 questions (2) Get instant results (3) Learn next steps	Reduce friction, set expectations
4. Pathways	3 cards: Parent / Grandparent / Great-Grandparent — each with CTA	Segment audience, match ad groups
5. Bill C-3 Explainer	What changed, who's eligible, key dates	Educate, build authority
6. FAQ	5-6 questions: Is this legit? Need a lawyer? How long? What docs?	Overcome objections
7. Final CTA	Repeat quiz CTA with urgency angle	Capture scrollers
8. Footer	Disclaimer: "General information only. Not legal advice."	Legal compliance

CRO Must-Haves

- Quiz CTA visible above the fold on all devices
- No navigation links that lead away from the page (minimize exits)
- Mobile-first design (60%+ traffic will be mobile from Search)
- Page load under 3 seconds (critical for Quality Score)
- Email capture on quiz results page (for remarketing and lead quality)
- UTM parameter passthrough to quiz for attribution
- Cajun/Acadian pathway card if running AG5 traffic to this page

Risk	Severity	Impact	Mitigation
No landing page (localhost only)	CRITICAL	Ads will be disapproved. \$0 waste but campaign cannot function.	Deploy to production domain before enabling campaign.
No conversion tracking	CRITICAL	\$35/day blind spend. No optimization possible. No ROI data.	Complete tracking Steps 1-5 before enabling. Minimum: Steps 1-3.
Low search volume (niche topic)	Medium	AG5 Cajun may get <10 impressions/day. Budget underutilized.	Monitor after 14 days. If zero volume, broaden match types or merge into AG1.
Bill C-3 search spike	Medium	Budget blowout on trending days. CPC could exceed cap.	\$3.50 max CPC cap. Review daily for first 2 weeks.
Quiz doesn't collect email/phone	Medium	No remarketing path. Can't measure qualified lead rate.	Add email capture on results page. Essential for Phase 2.
AG5 Cajun landing page gap	Low	Ad copy promises Cajun angle; quiz has no Cajun content.	Add Acadian pathway card or UTM-tracked variant.
Competitor response	Low	escapehatch.to or immigration.ca bid on Bill C-3 terms.	Speed + free differentiators are defensible. Monitor auction insights.

Step	Task	Owner	Status	Depends On
1	Deploy landing page to production domain	Developer	BLOCKED	—
2	Install GTM/gtag.js on production site	Developer	BLOCKED	Step 1
3	Add dataLayer.push on quiz completion	Developer	BLOCKED	Step 1
4	Create conversion action via MCP	Agent	READY	—
5	Configure conversion tag in GTM	Agent	BLOCKED	Steps 2–3
6	Verify conversion fires on test	Agent	BLOCKED	Step 5
7	Update Final URLs (localhost → prod)	Agent	BLOCKED	Step 1
8	Create campaign structure via MCP	Agent	READY	—
9	Add location targeting + geo restrictions	Agent	READY	Step 8
10	Add negative keywords	Agent	READY	Step 8
11	QA review: ads, keywords, targeting	Agent	BLOCKED	Step 8
12	Enable campaign	Agent/User	BLOCKED	Steps 1–7

Steps 4 and 8 can be executed NOW. Campaign will be created as PAUSED.

10 30-DAY PERFORMANCE FORECAST

Metric	Conservative	Moderate	Optimistic
Daily Budget	\$35	\$35	\$35
Monthly Spend	~\$1,050	~\$1,050	~\$1,050
Avg. CPC	\$2.50	\$1.75	\$1.00
Monthly Clicks	420	600	1,050
Quiz Start Rate	40%	55%	70%
Quiz Completion Rate	60%	70%	80%
Conversions (completions)	100	230	590
Cost per Quiz Completion	\$10.50	\$4.57	\$1.78
Qualified Lead Rate	15%	20%	25%
Qualified Leads	15	46	148
Cost per Qualified Lead	\$70.00	\$22.83	\$7.09

Phase 2 Triggers (after 30 days)

- If >30 conversions: Switch to Maximize Conversions bidding
- If AG5 Cajun has <50 impressions: Broaden to Broad match or merge into AG1
- If CPC >\$3.50 consistently: Tighten to Exact match only
- A/B test second RSA per ad group (keyword-only vs emotional headlines)
- If qualified lead rate <10%: Review quiz-to-lead funnel, add email capture
